Item No.	Particular
1	Consideration of confirmation of minutes of the previous meeting held on 13.12.2022. <b><u>Resolution</u></b> <b><u>Resolved</u></b> that the minutes of the previous meeting held on 13.12.2022 <u>be confirmed</u> as circulated with the agenda
2.	Offer a Minor Specialization in Civil Engineering (Smart and Sustainable Infrastructure) in line with the AICTE model Curriculum.

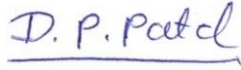

Considering the course structure and syllabus as per annexure-I

The committee has approved the course structure and syllabus of Minor Specialization in Civil Engineering (Smart and Sustainable Infrastructure). The committee is specially appreciated the concept of offering minor specialization which eventually helps to integrate various technology and applications. Further, committee suggested to bring more practicality and project based curriculum while offering minor specialization. In view of this committee has suggested to include tutorials in the subject of Big data for environmental management instead of the lecture.

**Resolution**

**Resolved to recommend to the Faculty of Technology & Engineering** with suggested corrections in the curriculum of Minor Specialization in Civil Engineering (Smart and Sustainable Infrastructure) to be made effective for the students admitted from the academic year 2023-24 onwards, be approved as per Encl.-I circulated with the agenda.

The meeting ended with a vote of thanks.
