PDEU Newsletter

ISSUE 14 - OCTOBER, 2022

22nd – 23rd September

Ms. Avni Goswami, PhD Scholar at PDEU, was awarded the Best Paper Award at the 5th International Oil & Gas Chemistry, Chemicals and Additives Conference as an acknowledgement of her contribution as speaker on the topic entitled "Development of Economically Favourable Water-Based Drill-In Fluid using Nano-Almond Husk as a fluid loss Additive".

Student Feat

Jay Gohil, B. Tech ICT (Final Year), has filled our hearts with pride as he has authored a book on "Application of Big Data in Petroleum Sciences" which provides comprehensive knowledge pertaining to the application of big data in the petroleum industry, its exploration, production, refining and finance.

We congratulate him and wish he continues to accomplish more such feats in his career.

1st October

Aditayaraj Paridwal, SPT '18, has brought glory to the institute as he was invited by the Government of India to visit Rashtrapati Bhavan on September 30 and October 1. Government of India under waste to wealth mission awarded him as a Swachhta Saarthi for his outstanding work in E-waste industry at IIT Delhi. In an event named Showcase, PSA to PMO provided a token of appreciation to all the participants. He was the only person from Rajasthan and only student working on E-waste in this mission. Principal Scientific Advisor (Mr. Ajay Kumar Sood) and Scientific Secretary (Ms. Parvinder Maini) to Prime Minister's office praised and awarded him for his innovation in the field of electronic waste management.

Faculty Feat

We are thrilled to announce that our 6 faculty members have got featured in the 2022 World Rankings of Top 2% Scientists by the Stanford University.

Heartiest congratulations to Dr. Vivek Patel, Dr. Achinta Bera, Dr. Subhash. N. Shah, Dr. Syed Shahabuddin, Dr. Rutvij. H. Jhaveri and Dr. Vishvesh Badheka.

11th October

The Indian Air Force conducted an exhibition on 11th October 2022, from 9.30 AM to 2 PM, to attract and motivate the youth of the nation to join 'IAF' as a career. There was an exhibition vehicle – IPEV – Induction Publicity Exhibition Vehicle, a customized vehicle having insight of the IAF with a Flying Stimulator mounted on it.

20th October
