ISSUE 6

**2<sup>nd</sup> - 3<sup>rd</sup> FEBRUARY 2022**

**TWO-DAY event organized by The Network Club**, a platform for young people to become aware of future career opportunities. The event was flooded with Webinars, Workshops, Panel Discussions and Group Discussions by

some of the Famous and Great Entrepreneurs, Fin-Tech leaders, Career Guides and so on.

**15<sup>th</sup> FEBRUARY 2022**

## An Inspirational Talk **STUMBLING UPON HAPPINESS** by Dr. Manu Melwin Joy

Dr. Manu Melwin Joy is a man with multiple degrees and a game-changer in the field of gamification. 33-year-old Manu MelwinJoy's passion for learning and acquiring new knowledge has no bounds.

Dr. Manu's tryst with learning newer subjects began when he was diagnosed with lymphoma in 2004. A fresh graduate out of Government Engineering College, Thrissur, the treatment forced Manu to take a break from his normal life. As he says **"In those two years I did absolutely nothing but read. It was this reading that helped me realise that engineering wasn't my cup of tea"**.

Over the years, Dr. Melwin has given many Inspirational Talks on Beating the Cancer on various platforms and inspired life of many.

**11<sup>th</sup> & 14<sup>th</sup> FEBRUARY 2022**

The Public Financial Management System (PFMS) Project Cell in coordination with Office of the Dean Research & Development (PDEU); scheduled an online training programme for PDEU Faculties and Management Staff on 'PFMS EAT Module' for gaining an understanding on **"Expenditure Management and Fund Utilisation."**

**19<sup>th</sup> FEBRUARY 2022**

Office of R&D and IQAC cell organized the **"SRP Review Symposium"** wherein All Students displayed the Current Status Review of the Project by Poster Presentation along with expected outcome showcase (Research Paper or Design Patent).

## 21<sup>st</sup> FEBRUARY 2022

**Webinar on 'The Creative Art of Story-Telling' by Ms. Kruti Patel** Representing yourself or your company can be challenging. A compelling and memorable story leaves a mark and helps in changing minds. This webinar will help one explore and enhance communication and representation skills to make an impression! The webinar aims to educate the students about ways of selling their skills, ideas or product to the audience.

## 22<sup>nd</sup> FEBRUARY 2022

**Huge Possibilities for India in Hydrate Based Energy Research by Dr. Pushpendra Kumar,** visited PDEU. Dr Kumar played a crucial role in gas hydrate exploration activities and research. He has headed the team of researchers at ONGC and worked closely with USGS in NGHP (Indian National Gas Hydrate Program). Dr R K Vij shared his vision of establishing a 'Center for Gas Hydrate Research' in SPT, PDEU. He informed that 2 professors and half a dozen researchers are already engaged in this precious resource exploitation. PDEU has received a project grant from Science and Engineering Research Board (SERB), Department of Science & Technology (DST) recently. Dr Kumar has provided us with relevant knowledge to move ahead with the project. The project is led by Dr. Pawan Gupta for conducting research which will open opportunities for the students to confront the practical challenges in gas hydrates exploitation.

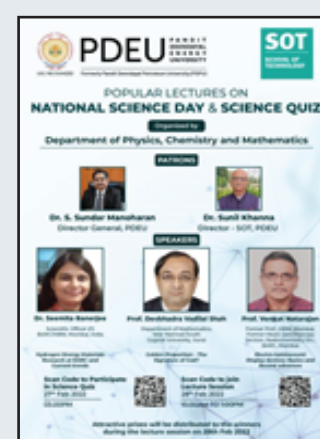

## 23<sup>rd</sup> FEBRUARY 2022

**CHEMTALKS: A Chemistry Colloquium Series** by Department of Chemistry, School of Technology, Pandit Deendayal Energy University, for faculty, staff, research scholars, and M.Sc., M.Tech. students.

## 27<sup>th</sup> & 28<sup>th</sup> FEBRUARY 2022

**On occasion of National Science Day, 28th February, 2022** Department of Physics, Chemistry and Mathematics jointly organised the popular lectures from eminent speakers from BARC and

**VNSGU, Surat.** The celebration included an online science quiz competition which was held on 27th February, 2022 between 3:00 p.m. to 3:30 p.m, open for all school students, undergraduate, post graduate and Ph.D. Students. Attractive prizes were distributed for the winners, declared during the popular lecture session on 28th February, 2022.
